

## Microscope Workshop: Identification of Wine Microbes

Vinquiry's microbiologist Neil Brown, Ph.D. will conduct this 2½ hour seminar on microscope techniques. Topics will include general microscope maintenance, Kohler illumination, identification of wine bacteria, identification of common yeast on culture plates and under the microscope, and yeast viability staining. This hands-on class will be limited to 10 people in order for each participant to receive individual attention to further their knowledge of microbiological techniques and microscope maintenance. If possible, please bring your own microscope to the class.

**Reserve your space now!**

Due to limited class size, advance registration is required. Please fax this form back to (707) 838-1765 or call (707) 838-6312 to reserve your space.
